Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Friday 05 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold and frosty overnight. Dry but turning cloudy through Saturday.

This Evening and Tonight:
Any lingering daytime showers will soon die out this evening to leave a dry night with prolonged clear spells and light winds. It will be a cold night under the clearing skies with a widespread frost. Minimum temperature -3 deg C (27 deg F).

Saturday:
A cold but largely sunny morning. Patchy cloud increasing in the afternoon, but remaining dry. Light winds. Maximum temperature 7 deg C (45 deg F).

Outlook for Sunday to Tuesday:
Chilly on Sunday, becoming rather cloudy. Milder for Monday but cloudy with some light, drizzly rain, mainly across western hills. Cloudy with patchy rain arriving on Tuesday and becoming windy.
